Radouani Chaimae

IT Talent acquisition specialist at Orange
Business Maroc.

Dear Ms. Radouani Chaimae

I am writing to express my strong interest in becoming the next Java & Angular Engineer at Orange Business Morocco. With my skills and background as a Big Data and Cloud Computing Engineer combined with 3 years of experience as a freelance Java and Angular developer. I am confident that I will quickly exceed your expectations for this role.

I am a recently graduated engineer from Enset Mohammedia in Big Data and Cloud Computing. I have gained a solid Knowledges in various programming languages, especially Java, using the famous Spring and Angular frameworks. My university achievements have given me a deep understanding of software development principles and methodologies such as Scrum and UML. And I have successfully applied this knowledge to create effective and scalable solutions with clean and maintainable code. Moreover, after my DUT, I start looking for a freelance opportunity where I could further develop my skills as a Java and Angular developer using Rest API and SQL database.

In my freelance role, I am responsible for developing and building a robust web application in different operating systems such as Linux, Windows and Kubernet. This experience allows me to understand the clients' needs and translate them into functional and real use cases. Through these experiences, I have learned to work under stress, meet project deadlines and adapt to changing priorities.

In addition to my professional skills, I possess excellent problem solving skills and strong attention to detail, this skill helps me to identify and solve the complex technical issues. I quickly learning of new programming languages, constantly seeking opportunities to enhance my skills and stay up-to-date with the latest technologies and best practices. As well, my ability to communicate and collaborate skills allow me to effectively contribute to a team project and build positive relationships with clients and colleagues.

I have enclosed my resume, which details my professional experience and projects. I look forward to the opportunity to interview and discuss further how my qualifications make me an ideal candidate for the Full-Stack Java Angular Engineer position and I can help Orange Business Maroc achieve its goals and mission.

Please for more details contact me via (212) 604-230472 any day of the week between 6pm and 9pm. I am also always available via l at sokainadaabal@gmail.com.

Thank you for your time and consideration for my applay.

Yours sincerely,
Daabal Sokaina
